

MASK SIZING GAUGE

**For Hans Rudolph, inc.
Oro-Nasal Vmask™ and V2mask™
Series Face Masks**

Directions: Length measurements are used to determine the size of the Hans Rudolph Oro-Nasal mask that will best fit the patient. For measurement: the patient's facial muscles should be relaxed and jaw closed. Place the Gauge Tip to the deepest point of the nasal root: depression (sellion) and note the size indication at the bottom tip of the chin. The color band widths indicate the size ranges. (This gauge is a reference to aid in sizing and not an exact measurement as other factors may need to be taken into account.)

If between sizes, we recommend you use the smaller size.
